🧠 AI Grading Summary

Our AI-powered grading engine evaluates each card using ultra-high resolution imaging and precision scoring across **four key areas**: Corners, Edges, Surface, and Centering.

🔍 Detailed Condition Breakdown

Category	AI Score (out of 10)	Comments
Corners	8.8	Slight whitening on top-left and bottom-right corners. No folds or bends.
Edges	8.6	Mild edge wear on the left border. No nicks or chipping.
Surface	9.0	Faint scratch near the upper edge. No dirt, smudges, or print defects.
Centering	9.5	Excellent centering both front and back, within premium tolerance.

📜 Final Grade Justification

This card meets the criteria for **Near Mint** based on detailed AI inspection. The card shows only **minor cosmetic flaws**, with edge and corner wear visible under

magnification. The surface remains clean with a light scratch that does not affect visual appeal or structural integrity. Centering is well above average.

While extremely close to Mint condition, the slight imperfections place this card in **Tier 2 Near Mint**, making it an excellent choice for collectors or high-end casual play.
